

# Christmas is for Children

It has been a difficult year for everyone throughout the country. Nobody has escaped the economic downturn and families especially have suffered greatly. While the Government attempts to balance the books, it is unfortunate that cutbacks will be made in all areas. It is at times such as this, that we must not forget the most vulnerable in society.

In light of this, Lehane Environmental, this year has decided to make a donation on behalf of our Valued Clients in lieu of Christmas Gifts.

Temple Street Hospital is one of those unsung heroes whose work often goes unnoticed unless people have personal experience. Every year over 125,000 children, from all over the country, are cared for at this facility by over 1,000 skilled and dedicated staff.

Lehane Environmental has donated an Audiometre to Temple Street Hospital. "By helping us, you are helping people you don't know and have never met. They never know what you did for them. That is the true spirit of generosity" – Temple St. Hospital.

The Staff & Management of Lehane Environmental would like to thank you for your support which enabled us to make this donation on your behalf. We would like to wish you & your family a Merry Christmas and a Peaceful New Year.
