Let's do it together

Dear Martin

I just wanted to thank you so much for supporting our **Mia's Christmas Appeal** by donating €2000. Your generosity means so much to us and it will mean even more to brave little children like Mia.

Mia is due to come back to CUH very shortly for vital surgery on her tonsils. And when she does, she and her wonderful family will know that they have the support, hopes and prayers of wonderful people like you.

They often say it takes a village to raise a child. Well it certainly takes a village to care for one. And **tucked in behind the familiar walls of CUH lies an amazing little village of love and care – of support and expertise.** And that village is continuing to grow.

Our new children's unit is already underway – you can see the cranes and diggers as you pass the hospital. When it is complete it will be the new home for all children's services in the Munster region.

But what makes CUH so special is its people. All the amazing staff, the brave patients, their loving families and especially all the hard working, caring supporters like you.

**Thank you so much for being a special part of that wonderful CUH family.**

With your generous support, we are determined to continue CUH's great legacy of care – providing children like Mia with all the love and attention they need and offering their worried and stressed families all the comfort and privacy they deserve.

**That really is the best Christmas present of all.**

Thank you so much for all your help. We'll make sure to keep you up to date as the new children's unit progresses.

And on behalf of all the staff here at CUH, and especially on behalf of Mia and her wonderful family, may I wish you and your family the most joyful Christmas and a hopeful and bright New Year.

Yours Sincerely
